**Author's Guide**

(English version)

## 1. Registration in the Algerian platform for Scientific Journals:

To deposit your articles, it is imperative to have an account on the platform (ASJP). To do this, you must access the website <https://www.asjp.cerist.dz/> and then proceed as follows:

- Choose the language that suits you (Arabic, English or French);
- Click on **Enter**;
- Then click on **Register**;
- Enter your personal data requested.

Once registration is complete, you will receive a message in your personal email box to activate your new account in the platform (ASJP) and to get a **Username** and **Password**.

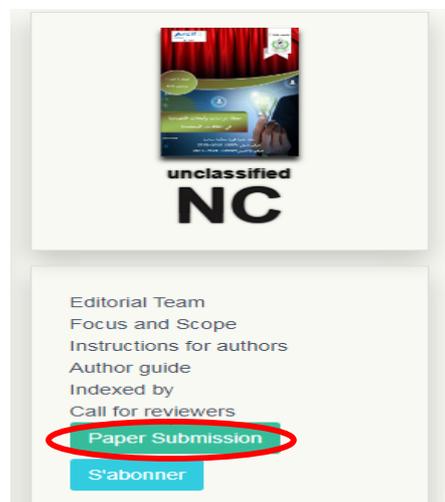

## 2. For Submission of an Article:

Authors who wish to publish their articles in the Journal are invited to read the sections: "**Instructions for authors**" and "**Guide to authors**" of our website on the Algerian scientific journals platform:

<https://www.asjp.cerist.dz/en/PresentationRevue/466>

Authors are invited to submit their papers via the ASJP platform in **Word** format. You can do this by clicking on the "**Send Article**" icon to the left of the screen in the ASJP platform.

After you get a **username** and a **password**, research papers are sent by clicking on the "**Submit Article**" icon in Word format.

## 3 -Orientations to the authors:

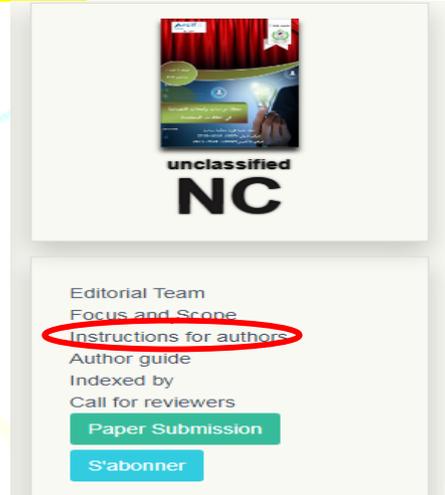

By clicking on the "Author's Guide" icon, a zip file will be downloaded, which is a directive to the author, explaining how to submit the article.

It also includes the copyright of the journal and also includes a letter of undertaking that must be signed by the author stating that the intellectual property belongs only to the Journal.

- We invite the authors to carefully read the following recommendations.
- The chief editor has the right to return items that are not presented accordance with these recommendations.

## 4 - PreParation of the Article:

To speed up the publication of articles in the “**Journal of economics studies and research in renewable energies**”, we invite authors to use the Journal template. A template for authors is available in the “**instructions for author**” section to insert their articles.

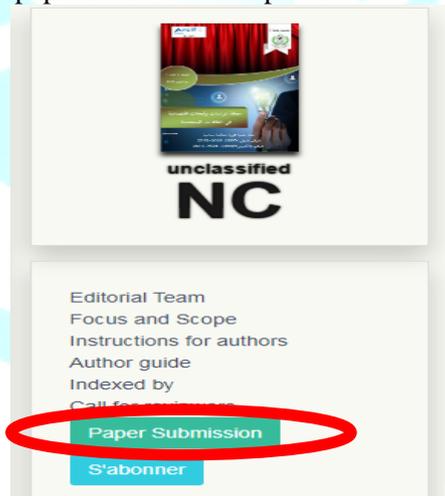

## 5- Submission of an article :

Authors who wish to publish their articles in the “**Journal of economics studies and research In renewable energies**” are invited to read the sections: "Instructions for authors" and "Guide to authors" of our website on the Algerian scientific journals platform:

<https://www.asjp.cerist.dz/en/PresentationRevue/466>

Authors are invited to submit their papers via the ASJP platform in Word format.

After preparing the article according to the template of the Journal that was downloaded, and see the author's guide, the “**Send Article**” icon is clicked. An application form containing the various data for the article and authors appears: Language of the article, Paper title, Abstract, Keywords, Full name for author, Institution, Email, (A second author can be added), Proposal of reviewers.

After filling out all the data and uploading the article file on the platform, clicked the “**Send Article**” icon at the bottom of the information form.

## 6. Notification of Receipt of an article

If the article submission process is successful on the platform, a message appears on the screen showing that. At a certain stage, the author will receive in his email a notice of the submission of an article, and a notice to the second author in his email as a confirmation of participation in the article.

## 7. Notice of Rejection of the Article:

If it turns out that the article does not respect the template of the Journal and the conditions of publication. The author will be notified that the article has been rejected.

## 8. Evaluation of the article:

### A. First step:

Examine the article secretly at the level of the reading committee of the Journal, which meets regularly and intervenes in the pre-evaluation stage. The committee takes a decision to qualify the articles before sending them to the assistant editors. If the decision is negative, the article will be rejected on the platform and informed the author the reason for the rejection. The author can resubmit it taking into account the recommendations made;

### B. Second step:

In the event that the article is eligible for the evaluation (prepared according to the journal template and under the terms of publication), it will be sent in an encrypted state to the Specialist Associate Editor, who in turn will submit it to two reviewers on its network. The reviewers will be responsible for judging the paper according to a standardized evaluation form available on the ASJP platform.

### C. Third step:

If the reports submitted by the reviewers are positive and in the interest of publication, they shall be sent to the author after the identity of the advisories has been concealed, which makes the required amendments, if any (whether in form or content amendments).

If one of the reports is negative, the article is sent to a third advisory for arbitration and to decide whether or not to publish.

### D. Fourth step:

After receipt of the article in its modified form, it shall be examined by the editorial board to verify that the required amendments have been complied with by the author and then sent to the auditors for the purpose of ascertaining. If it turns out that the author has not complied with the required amendments, he will be sent again to the owners for the amendment again with the deadline (72 hours), Otherwise the article will be rejected. If the article is accepted, the final copy will be sent to the journal's secretariat for publication.

**Note:** The Associated Editor can also evaluate the article if he desired. The secretary of Journal provides the link between the authors of the articles and the Associated Editorials.

### 9. Follow-Up of the Article situation on the Platform:

The author can enter his account in the platform and follow the status of his article stage by stage by clicking on the icon: "Articles" and then clicking on the icon: "Sent Articles" will show a table that details the article from: Address; Date of Article submission; Journal Name; Details; The latter goes through several stages:

Stage 1: Accepting or rejecting arbitration;
