

ALJEST TEMPLATE

INSTRUCTIONS TO AUTHORS

The manuscript should be prepared in English, French or Arabic.. All research articles should have the following sections: Title page, Abstract, Key words, Introduction, Materials and methods, Results, Discussion, Conclusion, Acknowledgement (if any) and References.

Manuscripts should be submitted through email only to :

aljest2015@yahoo.com or to the Editor in chief: louhab_ka@yahoo.fr

STYLE OF MANUSCRIPTS

Title:

The title should then followed by the author name and the institution name and address by indicating suitable superscripts. Title page should contain title of the paper in bookman old (font size 14), names of the authors in bookman old, (font size 10) followed by the address(es) in bookman (font size 10). An asterisk (*) must be placed after the corresponding authors name as superscript whose email id, fax, telephone number can be given. Corresponding author has the responsibility to ensure that all co-authors are aware and approve the contents of the submitted manuscript.

Abstract

All manuscripts must include a brief but informative Abstract intelligible without reference to the main text. It should not exceed 300 words and should describe the scope of the work and the main findings. Both common and scientific names should be included; the authorities are not given if they appear in the title. References to the literature should not be included. New times roman should be used. The font size should be of 11 pt

Keywords

Key words (3-5) should be provided below the Abstract to assist with indexing of the article.

Introduction

The manuscript should include a brief introduction stating the purpose of the investigation and relating the manuscript to similar previous research. Only information essential to the arguments should be presented. New times roman should be used. The font size should be of 10 pt

Materials and Methods

This section must contain specific details about the materials studied, instruments used, specialized chemicals source and related experimental details which allows other research worker to reproduce the results. Obtain permission for all fully borrowed, adapted, and modified tables and provide a credit line in the footnote. New times roman should be used. The font size should be of 10 pt

Results and discussion

The results should be concisely presented. Results and discussion may be separate or combined based on the author's requirement. Tables and figures should be designed to maximize the comprehension of the experimental data. The interpreted results should be explained clearly in discussions and should relate them to the existing knowledge in the field as clearly as possible. New times roman should be used. The font size should be of 10 pt

Tables, Graphs and figures (Illustrations) should be inserted in to the main text at respective place they should appear when published and should have appropriate numbers and titles with an explanatory heading. Labels of the table, graph and figures MUST be in the text form and should not form part of the image.

[add an equation here; use MS Word equation function] (1)

Table 1. Add a descriptive label of the table here.
[add the table here; use MS Word's table function]

Figure 1. (a) Add a descriptive label of the figure here. (b) Add a descriptive label of the
[add the figure here]

Color photographs and illustrations (line drawings, halftones, photos, photomicrographs etc) must be clean originals or digital files would be charged that may be intimated along with the acceptance letter. Those photographs must be clear and sharp. Digital files are recommended for highest quality reproduction

Conclusions

Main text paragraph.

Abbreviation and units

SI units (metre, kilogram etc.), as outlined in the latest edition of *Units, Symbols and Abbreviations: A Guide for Medical and Scientific Editors and Authors* (Royal Society of Medicine Press, London), should be used wherever possible. Statistics and measurements should always be given in figures; that is, 10 mm, except where the number begins the sentence.

Acknowledgment

The source of financial grants and other funding must be acknowledged, including a frank declaration of the authors' industrial links and affiliations. Authors must declare any financial support or relationships that may pose conflict of interest in a covering letter submitted with the manuscript. Financial and technical assistance may be acknowledged here. Anonymous reviewers should not be acknowledged. It is the authors' responsibility to obtain written permission to quote material that has appeared in another publication.
