Journal Description :

Laboratory Records journal is An international periodic journal, a free semiannual court, issued by the informant of the educational issue in light of the current challenges at the Faculty of Humanities and Social Sciences, University of Mohamed Khader Biskra, Algeria. The journal aims to establish cultural and scientific norms and traditions in the field of human and social sciences by: 1. Raising scientific research to the highest level of quality through the systematic construction of thought and research practice, 2. To establish a relationship between the scientific movement in social sciences on the one hand and the social development and related social issues on the other hand, 3. Raise scientific debate on recent issues in social sciences and then move them towards the global.
