**Associated editors:**

Prof. Maamar BETTAYEB : Sharjah University, UAE.

Dr. Guillaume HOUZEAUX : Barcelon Supercomputing Center (BSC-CNS), Spain.

Prof. Badreddinne KAMOUN : Sfax University, Tunisia.

Dr. Charles MOULINEC : STFC Daresbury Laboratoty, Warrington, UK.

Dr. Sergey KARGIN : Caspian Marine and Fluvial Transport Institute, Astrakhan, Russia

Prof. AEK HOCINE : Hassiba Benbouali University of Chlef, Algeria

Prof. Sahraoui KHERRIS El Wancharissi University of Tissemsilt, Algéria.

**Scientific committee members:**

Prof. Mohamed MAKHLOUF from Djillali Liabès University of Sidi Bel Abbès.

Prof. Mohammed BOUSSAID from Ahmed Bougara University of Boumerdes.

Prof. Ahmed BOUZIDANE from Ibn-Khaldoun University of Tiaret.

Prof. Hocine BENMOUSSA from Hadj Lakhdar University of Batna.

Prof. Nouredine SETTOU from Kasdi Merbah University of Ouargla.

Prof. Ahmed BENCHATTI from Amar Telidji University of Laghouat.

Prof. Belkacem DRAOUI from Tahri Mohamed University of Bechar.

Prof. Nouredine RETIEL from Abdelhamid Ibn Badis University of Mostaganem.

M. Bouziane MAHMAH from the Renewable Energy Development Center (CDER)

Prof. Abdelhafid MOUMMI from Mohamed Khider University of Biskra.

Prof. Nouredine MOUMMI from Mohamed Khider University of Biskra.

Dr. Tayeb YAHYAOUI from Med Boudiaf University of Oran (USTO-MB).

Dr. Lakhdar AIDAOUI from Ziane Achour University of Djelfa.

Dr. Mohamed HAMEL from Med Boudiaf University of Oran (USTO-MB).

Dr. Azzeddine KHORSI from Science and Technology Preparatory School of Oran (EPST).

Dr. Brahim MEBARKI from Tahri Mohamed University of Bechar.

Dr. Said MEKROUSSI from Ibn-Khaldoun University of Tiaret.

Dr. Abdelkader Djilali HAMMOU from Amar Telidji University of Laghouat.

Dr. Yacine KAHIL from El Wancharissi University of Tissemsilt.

Dr. Sidi Mohamed MARGHACH from El Wancharissi University of Tissemsilt.

Dr. Abdelkrim BENLEFKI from El Wancharissi University of Tissemsilt.

Dr. Kouider MOSTEFA from El Wancharissi University of Tissemsilt.

Dr. Mohamed Lamine from El Wancharissi University of Tissemsilt.

*The journal "Recueil de Mécanique" was approved by the Scientific Council of El-Wancharissi University Center of Tissemsilt on 14/03/2016.*

	<b>Editorial</b>	iv
	<b>Guide for authors</b>	v
1	<b>Numerical simulation of axial LDPE polymer flow in an extrusion die</b> Taieb NEHARI	476-484
2	<b>Numerical analysis of the effect of the adhesive shear modulus on a corroded, cracked and repaired plate in mixed mode</b> Mohamed BERRAHOU, Mokadem SALEM and Mohamed SERIER	485-491
3	<b>Numerical simulation of the severity of surface defects in HDPE Pipes</b> Mohamed BENGUEDIAB, Sofiane MAACHOU, Soumia BENGUEDIAB and Ali BENHAMENA	492-502
4	<b>Study of changes of mechanical properties of an aged composite by digital image correlation</b> Salim BELAID, Belkacem BENSMAIN and Pascale BALLAND	503-512
5	<b>Experimental study of the rheological behaviour of water-in-crude oil emulsions</b> Ridha Mazouzi and Abdelkader Karas	512-522

## Editorial

The "Recueil de mécanique" is an international, peer-reviewed journal. It is edited by the mechanical engineering research team of El-Wancharissi University Center and other national and international academic institutions. It is dedicated to research works of experienced and confirmed researchers.

The periodic covers a significant number of thematic. For illustration and not limited to the following topics are treated:

- power plants (conventional and hybrid, stationary and on board);
- thermal science;
- thermodynamics;
- fluid mechanics;
- mathematical modeling of systems and processes;
- renewable energy (solar, wind, geothermal, tidal powered, etc ...) processes and technologies;
- mechanical contacts and tribology;
- machines dynamics, vibration, acoustic and maintenance;
- engineering;
- aerospace engineering;
- automotive engineering;
- computational mechanics;
- industrial and manufacturing engineering;
- mechanical engineering;
- ...etc.

In addition to original articles, the journal is also dedicating special issues to seminars and colloquium works.

Since the vol.3 n°1 the journal operates a double blind review process. All contributions will be initially assessed by the editor for suitability for the journal. Papers deemed suitable are then typically sent by the editor or the associated editors to a minimum of two independent expert reviewers to assess the scientific quality of the paper. The Editor is responsible for the final decision regarding acceptance or rejection of articles.

RDM is an open access journal which means that all content is freely available without charge. Users are allowed to read, download, copy, distribute, print, search, or link to the full texts of the articles in this journal without asking prior permission from the publisher or the author. RDM is indexed in Sherpa/Romeo, ULRICHS and Copernicus databases.

## Guide for authors

Starting from the **vol.5 n°1** (2020) is accepted for review only English written manuscript. It must not have been subject of any previous publication or be simultaneously submitted to several journals. When an author uses a figure, photography or a table from another publication, he must indicate the origin of the document, after obtaining the right of reproduction from the publisher concerned.

All manuscripts are examined by two reviewers. Only papers that have received a favorable opinion from the reviewers will be accepted for publication.

The manuscript should be formatted according the template. Paper submission is done exclusively via the National Algerian Scientific Journals platform ASJP.

Papers are published free of charge and without publication fees. They are available for download at El-Wancharissi University of Tissemsilt and at the ASJP.
